Strategic Partnership

MaxCap is an Australian success story with two of the original founders Wayne Lasky and Brae Sokolski retaining ownership and operational responsibility.

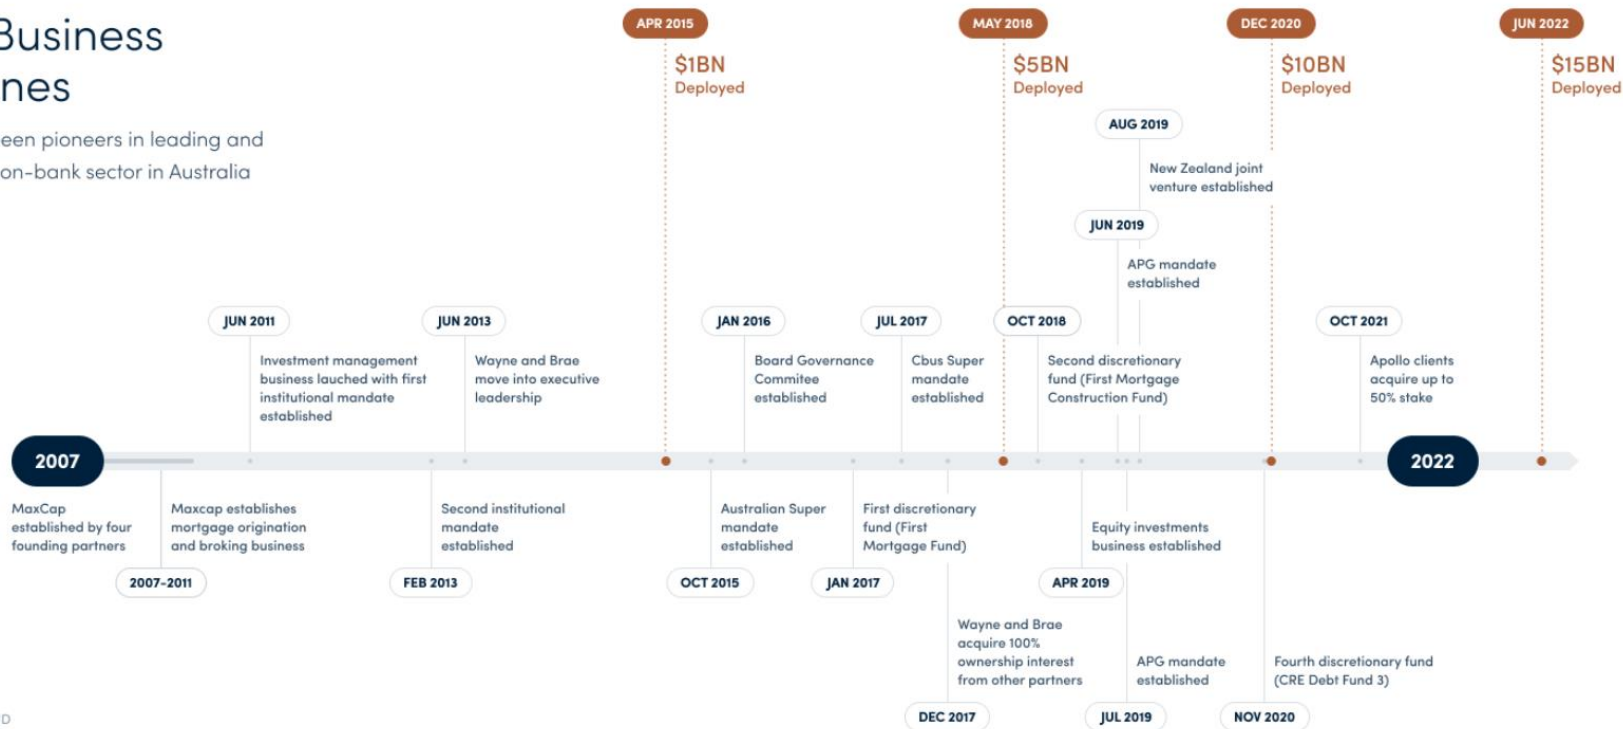

In 2021, clients of Apollo Global Management acquired a significant stake in MaxCap to further strengthen and grow the business.

Headquartered in New York, Apollo is a leading global alternative asset manager, with over half a trillion USD in assets under management.

This strategic partnership combines Apollo's global platform and expertise, with MaxCap's strong credit underwriting, and deal flow capabilities in the local market.
